STRANGE CASE OF WESTERLY MAN

**William H. Gent, Who Disrobes in Street, Attributes Mental
Trouble to too Much Spiritualistic Reading—Joseph
Aloma Under \$1,000 Bonds for Alleged Running of
Cider Joint—Dr. Henry E. Utter Weds Pennsylvania
Girl.**

William H. Gent, age 29, whose residence is in Main street with his mother, is the fifth person to be committed to the state hospital for the insane by the Third district court within a week. Gent was examined by Drs. Scanlon and Smith, and they testified that he was in need of care and treatment for an unbalanced mind and that in the interest of the public should not be at large. He was thereupon ordered committed to the state hospital by Judge Williams and was escorted there by Chief of Police Brown.

Gent is of good reputation and temperate habits and was for seven years in the employ of Mrs. Horace Babcock in Elm street as messenger and other men. About a year ago he left there and was engaged as janitor for Christ Episcopal church and also did jobs about town as a general handy man, but was without full, steady employment. He had been assisting George A. Champin in the milk business of late, and reported to Mr. Champin at 6 o'clock Friday morning. He drove the horse and milk wagon to the farm on the Post road, took on the milk and drove back to Quarry Hill where Mr. Champin was to meet him, but arrived there earlier than usual.

It was while at Quarry Hill that he gave unmistakable evidence of insanity, which had evidently come upon him suddenly. He completely disrobed himself, even to his shoes and stockings, and walked up and down the road for a short distance. He then

commenced to dress and when this was partly completed he got into the wagon and drove away. The fact was telephoned to Mr. Champin and he immediately proceeded to the farm, where he found Gent fully dressed and in readiness for the morning routine work. Gent got into the wagon with Mr. Champin; neither referred to the disrobing incident, but talked about some work that was to be done later in the day. When Summer street was reached Gent left, saying that he was going home for breakfast and would report for work at 9 o'clock.

Chief Brown found Gent at home and took him to the police station for observation by Judge Williams and Drs. Scanlon and Smith. Mr. Gent was in an extremely nervous condition and fully realized that he was in need of treatment and asked that proper attention be given that his condition might be improved. He realized that he had completely disrobed in the public highway, but could not account for the act. He said he believed it was done at the command of his Maker or that his mind had been dazed by spiritualistic reading, and then he yielded. He said that after this experience he felt awfully tired and needed rest. He said he fully realized what he did, but could not control himself and that he was in fear of a return of the fearful experience unless he received help. Mr. Gent's misfortune is a surprise to his many acquaintances, as heretofore there has not been the slightest indication that he was not of sound mind.

STONINGTON

Selectman Against Bridge at Quilam—School—Contractor Agrees—High School Trophy Cups Saved During Mytic Fire.

In connection with the rebuilding of the concrete road between Stonington and Mytic, the plan contemplated lowering the bridge at Quilam about two feet, which would mean that the ordinary power boat could not pass through, except at very low water. The work of Contractor Vito at that point was ordered held up temporarily. Thursday there was a conference between the selectman of the town of Stonington, Highway Commissioner Bennett and Contractor Vito, the commissioner advocating the proposed change. The selectman protested vigorously and finally the commissioner yielded. The new bridge will be in the same level as the old bridge.

Trophy Cups Saved.
The several silver cup trophies won by the Stonington High school basketball team were in the Perry and Stone store, in the Gilbert block, Mytic, which was destroyed by fire, Friday morning. They had been taken there for engraving of inscriptions. Henry B. Noyes, of Stonington, realizing the value of these prize mementos, was given permission to enter the burning building and save them. He did so, while the building was ablaze, and he secured the trophies.

Fire Call From Mytic.
At 9 o'clock the fire alarm in Stonington was sounded, and the firemen hurried to the fire house ready for duty. The call was sent in upon the request of a call for assistance from Mytic. A portable automobile had been sent from Mytic to tow the fire steamer. All was in readiness for the start when word came that no assistance would be required from Stonington, as the Niagara pumping engine had arrived from New London and was doing great work. It was said that the Niagara made the run in less than twenty minutes. The Stonington firemen, by reason of road construction and the necessary delay could not have reached Mytic in less than two hours.

Stonington Pointers.
Mrs. Lillian C. Colwell, of Providence, is the guest of Mr. and Mrs. George W. Haley.
A water pipe burst in the residence of George Ryley, in Main street, and before remedy could be applied the lower part of the house was flooded. The Hart-Brown case is becoming more and more farcical, and to the mind of Attorney Tanner, counsel for Hart it seemed a case of delay of justice for his client, Justice Heman Holdridge and the jury were ready to hear the case, but Attorney Hewitt, whose office is located in the burned Gilbert block, declined adjournment on the plea that he did not have physical possession of the papers in the case, and was tired and hungry, as he had not the time to breakfast.

NO REASON FOR IT

When Norwich Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyances of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Norwich citizen says:

Mrs. Mary Neff, 465 Main St., Norwich, says: "For many years one of my family was subject to attacks of kidney complaint. He suffered from pains across his loins and at times could scarcely get about on account of his back being so stiff and lame. The kidney secretions were irregular in passage and often contained sediment. Doan's Kidney Pills, procured at N. D. Sevin & Son's Drug Store, proved of benefit from the first and soon every symptom of kidney complaint disappeared. I willingly confirm all I said in praise of Doan's Kidney Pills in the statement I gave a few years ago. Nothing has occurred to change my high opinion of this remedy."

Upon complaint of Chief Brown, Policeman Mitchell arrested Joseph Aloma, Friday morning, and he was arraigned before Judge Williams in the Third District court, for maintaining a disorderly house, selling liquor contrary to law, at his home, near Riverside park, and for carrying a gun and his case was continued for one week, bail being fixed at \$1,000. Considerable complaint has been received from the neighborhood, and some of those complaining being licensed liquor dealers who declared that Aloma interfered with their legitimate business.

Two members of the railroad section gang working near Bradford, Friday, engaged in a fight, and the matter finally led up to an actual assault. The matter of the two struck the other fellow on the left side of the head and shoulder with a lead pipe. Dr. Murr was called to attend the injured man and then Constable John Thompson was summoned to arrest the alleged assailant. After hearing both sides, through an interpreter, the officer decided to take both men into custody. He brought them to the Western police station and then over to Chief Brown for further action. The chief will make further investigation before formulating a legal complaint.

Dr. Henry Edwin Utter, of Providence, son of the late Governor George H. Utter, of Westerly, was married Wednesday at the home of the bride, Mrs. Josephine Higgins, daughter of Mr. and Mrs. Orion Higgins, of West Hicory, Pa., were married Wednesday at the home of the bride, Mrs. Josephine Higgins, daughter of Mr. and Mrs. Orion Higgins, of West Hicory, Pa. The bridesmaids were Miss Mary Starr Utter, of Westerly, and Miss Edna Kaufman, Miss Mary Higgins, being maid of honor. Dr. Roy C. Van Utter, of New York was best man. At the reception in the evening line with the bride and groom were Mr. and Mrs. Orion Higgins, and Mrs. George H. Utter and Cyrus H. Brown, of Westerly. The ushers were George B. and Milford B. Utter.

Local Laconies.
Chief Cottrell was in readiness to respond to any call for assistance from Mytic to Friday morning's fire.

Dr. Charles Farrell is at his home in Westerly, having completed his intern period in St. Mary's hospital, Waterbury. Dr. Farrell expects to locate in Providence.

Under the leadership of Assistant Scout Master Russell Burdick, fifteen of Westerly Boy Scouts, will leave today (Saturday) for Camp King Philip, Bristol, for a two week's encampment, with the Providence Boy Scouts.

Westerly firemen are enthusiastic in praise of the remarkably quick run and efficient service rendered by the Niagara, triple-actuated motor driven fire apparatus at the Mytic fire. It is said that the same standard apparatus less the pumps, is favored by a majority of the Pawtucket fire department, not by the majority of the committee who are to purchase a piece of motor-driven apparatus for the district.
